

**Overview WIS-documents**  
 (for airsuspension with code **PL9**)

No.	Group	Bezeichnung
ap00.20-d-0052h	0	Check leaktightness and condition of all containers, devices, shock absorbers,..
ap00.20-d-1011h	0	Oil service Plus/maintenance service
ap00.20-d-1011ha	0	Oil service Plus/maintenance service
ah32.22-n-1000-01h	32	Notes on air suspension
ar32.20-d-0230hc	32	Remove/install rear spring
ar32.20-d-0240ha	32	Remove/install elastomer bearing of rear axle spring
ar32.20-d-0315hc	32	Remove/install torsion bar on rear axle
ar32.20-d-2860h	32	Remove/install rubber bushing on rear stabilizer bar
ar32.22-d-2001h	32	Remove/install compressor
ar32.22-d-2001hb	32	Remove/install compressor
ar32.22-d-2003h	32	Remove/install air bellows
ar32.22-d-2015h	32	Remove/install air suspension valve unit
ar32.22-d-2015hb	32	Remove/install air suspension valve unit
ar32.22-d-2018h	32	Remove/install air suspension compressor relay
ar32.22-d-2019h	32	Empty/fill air suspension
ar32.22-d-2021hb	32	Remove/install compressed air reservoir
ar32.22-d-6000-02h	32	Deactivate/activate air suspension
ar32.22-d-6000h	32	Remove/install air suspension control unit
ar32.22-d-6010h	32	Remove/install air suspension remote control
ar32.22-d-8000h	32	Check air suspension for leaks
ar32.22-d-8000hb	32	Check air suspension for leaks
ar32.22-d-9000h	32	Calibrate driving level
ar32.25-d-0110ha	32	Remove/install rear shock absorber
ar32.25-d-0121-01a	32	Check shock absorbers for damage
ar32.25-d-0121-02a	32	Check shock absorbers for leaks
ar32.33-d-0009h	32	Remove/install level sensor
ar32.35-d-2210-04h	32	Remove/install bearing bushing at stabilizer bar
ba32.22-n-1000-01f	32	Air spring bellows
ba32.22-n-1000-03h	32	Air suspension
pe32.22-d-2000-97aa	32	Wiring diagram air suspension
pe32.22-d-2000aa	32	Wiring diagram air suspension
si32.22-d-0010a	32	Service Information: Vehicles with air suspension requested by customer
sm32.20-d-0024a	32	Retrofit reinforcement plate to rear axle
sm32.35-d-0008-01dj	32	Affected vehicles: Replace stabilizer bar on rear axle
sm32.35-d-0008dj	32	Replace stabilizer on rear axle
ar35.10-d-0010i	35	Remove/install complete rear axle
ar35.15-d-0200ha	35	Remove/install bar-type link
ar35.15-d-0201h	35	Adjust bar link
ar35.15-d-0202h	35	Remove/install bar link rubber mount
ar35.15-d-0203h	35	Remove/install bar link ball joint
si60.00-s-0005a	60	Service information: Vehicles with customer request code features
ar68.30-d-4700a	68	Remove/install paneling on B-pillar
